- MATLAB
- R Studio
- E-Views
- Power BI
- **Soft Skill :** Critical Thinking,  
Hard Working, Fast  
Learning, Effective  
Communication

### LANGUAGE

English  
Sinhala

### About Me

I am a Data Analyst and Statistics Graduate who collects, analyzes, and interprets data to support decision-making in organizations. I work with tools like Power BI and use statistical and mathematical models to solve real-world problems, especially in transportation and business strategy. I help turn complex data into clear insights that guide planning, improve efficiency, and support growth.

### WORK EXPERIENCE

July 2024 - May 2024

RITZ Design Center

#### Data Analyst

- Analyze and forecast the extra shipment possibility of the garments.
- Check the incentive payments of all factories.

August 2023 - November 2023

HectorKobbekaduwa Agrarian Research & Training Institute

#### Intern

- worked in Data Management Division and Rural Development Division
- worked in R-595 Project - Potentials & Constraints to scale up floriculture sector in Sri Lanka.
